

FEAST

A Ultimate Protein Feed Block for Weaners

A premium protein block for young ruminants grazing pasture. Balanced blends of bypass protein, crushed lupins and minimal urea levels make this block one of the premium protein blocks in Australia. FEAST allows young cattle and sheep to successfully convert more pasture feed to body protein, especially in dry or wintry feed conditions.

FEAST also contains superior levels of minerals, trace elements and vitamins to complement most pasture deficiencies. Proper supplementation of young stock lifts body weight gains, and increases productivity on your farm. Stock just take what they need from FEAST to keep on growing, by the action of improving rumen efficiency. Young ruminants need all the nutritional help they can get if they are pasture fed.

FEAST is an excellent way to ensure that your stock are given a massive lift in their diet, efficiently and economically.

*TYPICAL ANALYSIS

Bypass Protein	300 g/kg	30.0%
Meal		
Crushed Lupins	300 g/kg	30.0%
Urea	70 g/kg	7.0%
Total Minimum Equivalent Crude Protein	400 g/kg	40.0%
Molasses	70 g/kg	7.0%
Salt Min	200g/kg	20.0%
Max	220g/kg	22.0%
Macro Ingredients		
Phosphorus (P)	10 g/kg	1.0%
Calcium (Ca)	20 g/kg	2.0%
Sulphur (S)	25 g/kg	2.5%
Micro Ingredients		
Magnesium (Mg)	250 mg/kg	
Vit A	100 iu/kg	
Vit E	100 iu/kg	
Copper (Cu)	250 mg/kg	
Cobalt (Co)	250 mg/kg	
Selenium (Se)	28 mg/kg	
Iodine (I)	375 mg/kg	
Potassium (K)	200 mg/kg	

Note: The above analysis represents the constituent ingredients and relative proportions of the typical product only. Actual constituent ingredients and relative proportions may vary from that outlined above.

Average Consumption rates:

Weaner Cattle: 200-300g per head per day

On average 100 head should consume 1 block every 3-4 days

Weaner Sheep: 10-20g per head per day

On average 100 head should consume 1 block every 30 days.

Block Placement Rate:

Cattle: Approx. 6 blocks per 100 head

Sheep: Approx. 3 blocks per 100 head

Note: Average block consumption can double in poor conditions.

Net Weights: 20kg and 80kg blocks

WARNING: This product contains Urea that maybe harmful to animals if not properly administered. Do not feed to starving animals or animals in poor condition. Make sure that a bulk of roughage is always available when feeding this product. Rain may cause this product to deteriorate. Do not place this product near dams or creeks as cattle may roll block into water. Do not feed out other Urea products while feeding this product
