

# HORSE FEED

## A Natural Protein Feed Block for Horses

Horses need electrolytes and minerals more than most other animals. The secret is to keep something in the paddock all the time, so they can help themselves when they need it.

Horses that are engaged in working stock, eventing, camp drafting or any athletic pursuit need extra nutrition to keep up their levels of salt and minerals. HORSEFEED is designed to stay out in paddocks, rain or sunshine, 365 days of the year. Your horse(s) will love the taste of the molasses, salt and natural proteins in this block.

### \*TYPICAL ANALYSIS

#### PROTEIN SOURCES

Cottonseed Meal	150 g/kg	15.0%
Crushed Grain	150 g/kg	15.0%
Total Protein Feed	300 g/kg	30.0%
<b>TOTAL CRUDE PROTEIN</b>	<b>115 g/kg</b>	<b>11.5%</b>

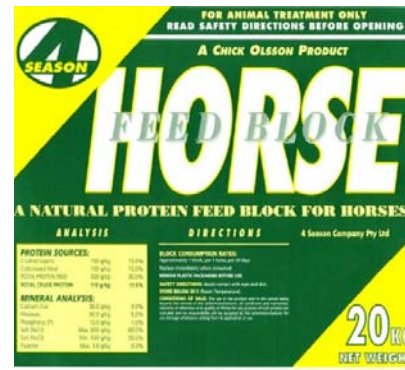

#### MINERAL ANALYSIS

Calcium (Ca)	30.0 g/kg	3.0%
Molasses	50.0 g/kg	5.0%
Phosphorus (P)	10.0 g/kg	1.0%
Salt (NaCl) Max	600 g/kg	60.0%
Salt (NaCl) Min	550 g/kg	55.0%
Fluorine (F) Max	3.0 g/kg	0.3%

Note: The above analysis represents the constituent ingredients and relative proportions of the typical product only. Actual constituent ingredients and relative proportions may vary from that outlined above.

### Average Consumption rates:

Approximately 1 block, per 1 horse, per 30 days

**Net Weights:** 20kg blocks
