

MULTI-MINERAL

A Multi Purposed Mineral & Trace Element Block Suitable for all Livestock.

MULTI-MINERAL is a new generation product that balances a complex of macro and micro minerals, quality trace elements with 5% magnesium. It helps give stock a chance to correct nutritional imbalances in their diet. Humans are freely able to take supplements every day. We believe that farm animals deserve the same choice.

It makes sense to have a supplement product in the paddock when animals need it. Usually by the time a stockowner notices a slip in condition of stock because of a dietary imbalance, it is too late. MULTI-MINERAL works in your paddock 24 hours a day, rain, snow or sunshine. It's the quiet performer keeping the female in production

MULTI-MINERAL is an excellent nutritional protection product for your stock, all year round.

*TYPICAL ANALYSIS

Selenium (Se)	28 mg/kg	
Magnesium (Mg)	5.0%	
Salt (NaCl)	Min. 30%	300g/kg
	Max 35%	150g/kg
Bypass Protein/ Grain Product	15%	100g/kg
