

# PRO-70

## A Mid Strength Protein Supplement for Cattle and Sheep

PRO 70 is a mid-range 22% Urea block mainly developed for cattle in big dry feed areas.

Ideal for areas that have a bulk of early dry feed, cattle will thrive on the combination of urea, bypass meal, crushed lupins and minerals.

Dry grass low in protein can be effectively utilized more efficiently by feeding out PRO 70 until forage becomes very poor in quality. At this stage, Four Seasons recommends upgrading stock onto PRO 90, blocks.

### \*TYPICAL ANALYSIS

Urea	225 g/kg	22.5%
Cottonseed Meal	120 g/kg	12.0%
Crushed Lupins	100 g/kg	10.0%
Min Equiv. Crude	630 g/kg	63.0%
Urea from natural Sources		
Min Crude Protein	70 g/kg	7.0%
From natural sources		
<b>Total Minimum</b>	<b>700 g/kg</b>	<b>70.0%</b>
<b>Crude Protein</b>		
Molasses	50 g/kg	5.0%
Salt Min		25.0%
Max		30.0%

#### Macro Ingredients

Phosphorus (P)	10 g/kg	(Min)1.0%
Calcium (Ca)	30 g/kg	(Min)3.0%
Sulphur (S)	20 g/kg	(Min)2.0%

#### Micro Ingredients

Magnesium (Mg)	100 mg/kg
Potassium (K)	25 mg/kg
Cobalt (Co)	10 mg/kg
Copper (Cu)	20 mg/kg
Zinc (Zn)	50 mg/kg
Manganese (Mn)	5 mg/kg
Vit A	50 iu/kg
Vit E	80 iu/kg

Note: The above analysis represents the constituent ingredients and relative proportions of the typical product only. Actual constituent ingredients and relative proportions may vary from that outlined above.

#### Average Consumption rates:

##### Cattle:

100-200g per head per day

##### Sheep:

50-100g per head per day

#### Feeding Tip:

Before feeding PRO 70, we advise to always feed out SALT or 10% Urea blocks first, for a period of 7 days—This will help prepare Rumen Bacteria for High Urea feeding.

**Net Weights:** 30kg and 100kg blocks

**WARNING:** This product contains Urea that maybe harmful to animals if not properly administered. Do not feed to starving animals or animals in poor condition. Make sure that a bulk of roughage is always available when feeding this product. Rain may cause this product to deteriorate. Do not place this product near dams or creeks as cattle may roll block into water. Do not feed out other Urea products while feeding this product
