

PROTEIN 50

A Premium Protein Feed Block for Cattle & Sheep

PROTEIN 50 is the ultimate in feed block supplementation for sheep and cattle. When extreme dry conditions occur, cattle and sheep need a high quality protein/nutrition source to keep them in full production.

PROTEIN 50 contains high levels of bypass protein, crushed grain and urea to make the most of standing dry feed, or to compliment grain feeding programs. The balanced protein blend in this block, combined with the high mineral, trace element and vitamin levels, helps ensure that stock will perform to their highest genetic potential on dry feed conditions, in a safe, efficient and effective way.

*TYPICAL ANALYSIS

Bypass Protein Meal		
/Crushed Grain	500 g/kg	50.0%
Urea	115 g/kg	11.5%
Total Minimum	500 g/kg	50.0%
Crude Protein		
Total Minimum	7MJ g/kg	
Energy		
Fresh Molasses	100 g/kg	10.0%
Calcium (Ca)	40 g/kg	4.0%
Phosphorus (P)	10 g/kg	1.0%
Sulphur (S)	25 g/kg	2.5%
Magnesium (Mg)	9 g/kg	0.9%
Salt (NaCl) Min.	200 g/kg	20.0%
Max.	220 g/kg	22.0%

Note: The above analysis represents the constituent ingredients and relative proportions of the typical product only. Actual constituent ingredients and relative proportions may vary from that outlined above.

Average Consumption rates:

Grown Cattle: 200-500g per head per day

Weaner Cattle: 100-200g per head per day

Grown Sheep: 50-100g per day

Feeding Rates

Cattle: Approx. 8 blocks per 100 head 7 days

Sheep: Approx. 6 block per 100 head 20 days

Note: Average block consumption can double in poor conditions.

Net Weights: 25kg and 80kg blocks

WARNING: This product contains Urea that maybe harmful to animals if not properly administered. Do not feed to starving animals or animals in poor condition. Make sure that a bulk of roughage is always available when feeding this product. Rain may cause this product to deteriorate. Do not place this product near dams or creeks as cattle may roll block into water. Do not feed out other Urea products while feeding this product
